May 15 | EUC Cone | 11 a.m. - 1 p.m.

Hot Topics
March 8 | Details TBD

FEEDBACK
Excerpts of a letter from a Mom of a member of the Class of 2022:
I moved my daughter, who is a freshman, into Cone on Wednesday, August 8th. I just wanted to say that the experience was great!!! We thought her belongings would be driven to the dorm and we would have to unload them. To our surprise, that was not the case at all. We were so thankful for the belongings being put on carts and taken to our rooms by the many volunteers that were waiting for us. We appreciated the water and cool treats. All the volunteers were very professional, friendly, and helpful. She wanted to have her bed lowered and maintenance came quickly to get that done.

The Spartan Chariots were great. The drivers were very friendly and helpful. The staff at the Oakland deck, where we moved our car to, were very friendly and helpful as well. My daughter is still deciding on how she wants her side of the room to look and finding her way around, but the move in experience really helped us feel welcome and taken care of.

I have an older daughter who went to another college a few years ago and the move in experience was definitely not as organized. My hat is off to everyone involved. WELL DONE!!!
