

# DEAN OF STUDENTS

*assist any student who may be experiencing transition, academic, or personal difficulty as well as any crisis or emergency situation.*

[dos.uncg.edu](https://dos.uncg.edu)

## OVERVIEW

The Dean of Students is committed to assisting students in navigating unexpected obstacles in their student journey. They work to create a culture of care by assisting any student experiencing transition, academic or personal difficulty, or any crisis or emergency situation. The primary areas for support are basic needs, students in distress, bias education and support, and pregnant/parenting support. Through each of these services, the DOS office supports students, faculty, and staff as they navigate their academic and personal journey.

## OSRR

The Office of Student Rights and Responsibilities supports the University's mission of preparing students for lives of engaged citizenship and leadership in a global society through advocacy, education and accountability. Through educational initiatives and processes for adjudication of alleged misconduct, the OSRR encourages honesty, trust, fairness, respect, and responsibility. The focus is on a fair, respectful process, and the responsibility each student has to be an accountable member of the University Community.

## BY THE NUMBERS
